# Nature-Based Solutions for Urban Resilience

1. **What are nature-based solutions, and how can they improve urban resilience?**
2. **How can natural systems be integrated into established urban environments?**
3. **What are the key barriers to implementing nature-based solutions in cities?**

At the end of this panel, attendees will be able to:

- Identify natural systems that can be integrated into urban environments
- Explain how such integration can be achieved
- Identify the barriers to the integration of natural systems into urban environments
- Outline ways to address and overcome these barriers

**Competency Codes:** PC 12, PC 28, PC 31
