

Sustainability Summit 🔥

This CPD seminar entitles you to 1 formal CPD point. Please be aware you are required to manage your own CPD records. We will provide you with your participation certificate once you have attended the full seminar.

NCC CHANGES FOR 2022: WHY HAVE THEY NOT BEEN ADOPTED?

- 1. How are some ways you can comply with the NCC?
- 2. How do you measure performance?
- 3. How does the NCC affect safety?
- 4. How will the NCC change how we design buildings

At the end of this panel, attendees will be able to:

• Outline the most recent changes to the National Construction Code (NCC), as introduced in NCC 2022.

· Identify and evaluate the views of the various interest groups associated with the issue of construction and

- Identify the NCC changes that relate directly to the sustainability of buildings.
- Explain the claims that these NCC changes will have unintended negative consequences.

Sustainability.
